

Comfort Flow™ No. 420

NOTES

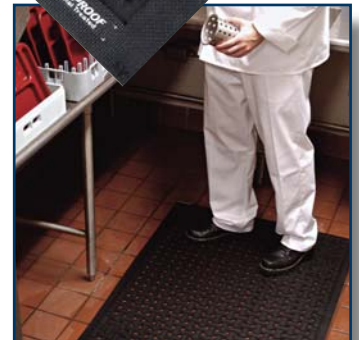

Comfort Flow is light for easier handling and is fully launderable. Ideal for wet or dry areas. It provides excellent anti-fatigue properties for added employee comfort. Constructed of 100% high density closed cell nitrile rubber cushion, it is far superior in grease and oil resistance. Its low profile and slip resistant surface reduces slip and fall accidents. The non-skid backing keeps the mat in place.

Specifications

Uses: Wet, dry or greasy areas
Compound: 100% closed cell Nitrile Rubber
Thickness: 11mm
Edges: Low profile
Warranty: 2 years
Colour: Black (grease-proof)

Stock Sizes:

600mm x 900mm
 900mm x 1500mm
 900mm x 3M
 1200mm x 1800mm

Comfort Scrape™ No. 430

Comfort Scrape has superior anti-fatigue properties to ensure employee comfort and ergonomic benefits. 100% high density, closed cell nitrile rubber cushion provides maximum resistance to waters, oils, greases, chemicals and animal fat. Lightweight, easy to clean material outperforms most thicker, heavier mats. Simply hose off or pressure wash to remove debris. Low profile design, 11 mm thick, and slip resistant surface helps minimise slip and fall accidents. Soft, anti-static nitrile rubber compound is ideal for use in packaging and assembly areas, industrial workstations, machine shops and welding stations.
