

CUSHION MAX

anti-fatigue

FEATURES AND BENEFITS

- Constructed of 100% Nitrile/PVC closed cell foam to provide superior anti-fatigue properties for employee comfort and ergonomic benefits.
- Diamond patterned surface is more than twice as durable as traditional PVC foam mats and helps to reduce slip and fall accidents.
- Beveled borders for safe transition from floor to mats.
- Cost effective alternative to traditional PVC foam mats.
- 5/8" Thickness.
- Ideal for use in warehouses, picking lines, assembly lines, work stations, check out stations, labs or other dry work environments.
- Available with or without holes.
- Custom lengths up to 45' are available.
